Ref: **STIP AMENDMENT 02S-125**

The Los Angeles County Metropolitan Transportation Authority (LACMTA) has requested that this proposed State Transportation Improvement Program (STIP) amendment be noticed at the April 2004 California Transportation Commission (Commission) meeting, and be considered for approval in May 2004. This notice is an informational item allowing the Commission to review the proposal, comment and/or ask questions prior to taking formal action in May 2004 or later.

LACMTA requests the Commission approve five projects for AB 3090 Replacement. LACMTA proposes to use local funds (Proposition C) to replace a total of \$38,215,000 in RIP funds for Construction for five projects (PPNOs 0027J, 0027K, 2012A, 3201, and 2318) in Los Angeles County. LACMTA will program a total of \$38,215,000 in FY 2007-08 and FY 2008-09 for five replacement projects to be identified at a later date. This is a revenue neutral programming action. The replacement projects are subject to reprogramming in the 2004 STIP.

## **RECOMMENDATION:**

The Department of Transportation (Department) recommends that the AB 3090 request be approved pending LACMTA's agreement that both the date and schedule of replacement are subject to the availability of funds.

**BACKGROUND:**

The Commission's policy on AB 3090 encourages local agencies to use local funds to deliver projects programmed in the STIP. LACMTA plans to program five replacement projects in the STIP, in accordance with the Commission's policy that gives preference to programming AB 3090 Replacement projects over AB 3090 direct reimbursement arrangements. The specific AB 3090 Replacement projects will be amended into the STIP at a later date.

LACMTA proposes to use local funds (Proposition C) to replace \$38,215,000 in RIP funds programmed in STIP for the following five projects in Los Angeles County. LACMTA will program a total of \$38,215,000 in RIP in FY 2007-08 and FY 2008-09 for five replacement projects to be identified at a later date.

A total of \$38,215,000 in RIP funds is being replaced with local funds. The following table lists the programming details:

Project No.	PPNO	Project Title	Fiscal Year	Total Amount (\$000's)
1	0027J	Hughes Terrace to Fiji Way, Route 1	2001-02	\$7,407*
2	0027K	Hughes Terrace to Sepulveda Blvd, Route 1	2001-02	\$3,190*

5	2318	Alameda Corridor East Grade Separations	2003-04	\$9,308
<b>TOTAL:</b>				<b>\$38,215,000</b>

\*Under 2.5b.(1) reference item, a total of \$7,476,000 in GF-RIP funds from three Route 1 & Route 90 projects (PPNOs 0027N, 0027P, and 0027Q) was moved to three other Route 1 & Route 90 projects (PPNOs 0027J, 0027K, and 2012A) in Los Angeles County to accommodate cost increases. A total of \$1,676,000 in GF-RIP funds (\$914,000 for PPNO 0027N and \$762,000 for PPNO 0027P) remaining will lapse per timely use of funds deadlines and are returned to the county shares.

A total of \$38,215,000 in RIP funds is programmed for the replacement projects in FY 2007-08 and 2008-09. The following table lists the AB 3090 replacement project details:

Project No.	PPNO	Project Title	Replacement Project Year	Total Amount (\$000's)
